

HOMESHARING ELIGIBILITY REQUIREMENTS

To ensure the success of Homesharing matches we utilize the following eligibility requirements:

- You must have no history of violent criminal activity in the past 15 years.
- You must have no history of any criminal activity within the past year. We utilize the Maryland Judiciary Case Search system to check criminal history.
- You must not be in active addiction (you must be in recovery for one year or longer and provide a sobriety reference)
- You must have four character references, and your references must have known you for five years or more. Only one of those four references can be a relative.
- If you are receiving SSI or SSDI, you must sign a release allowing an evaluation to be sent to your physician or professional service provider to confirm that you are able to live on your own. This is to ensure that each person in the match is able to provide themselves with the care required for daily living.

In addition, we ask that all Homeseekers:

- Receive at least \$750 per month in income and are able to afford a minimum of \$500 per month in rent.
- We can only accept home seekers who are individuals, married couples, or single parents with one child 12 or younger

In addition, we ask that all Homeproviders:

- Must live in their home
- You must be able to verify your income and ability to pay your mortgage regularly.
